

Why Study at UniFiji?

The University of Fiji is a fully-registered University by the Government of Fiji through the Fiji Higher Education Commission (FHEC). We offer programmes in Medicine, Sciences, Education, Commerce, Management, Law, iTaukei Studies, Nursing, Language, Renewable Energy Management, Environmental Sciences, Information Technology and much more.

The University of Fiji is unique as one of the core values at the University is to enable students from low socio-economic statuses to get quality and affordable higher education. UniFiji demonstrates this commitment by offering low tuition fees as well as structured payment plans.

Students are an integral part of the University and are always treated at the most important stakeholders. UniFiji students have immense pride for the University and state that UniFiji was always the first choice for them.

Speaking at the registration, second year Bachelor of Law student, Siddarth Raj, who hails from Tavua, stated that education was given priority in his family and he always aspired to become someone in his life.

“I aspired to become a lawyer since childhood. Upon joining UniFiji, my family moved to Lautoka for my studies. I feel that UniFiji was the best choice for me as the Law Programme is unique and the lecturers are helpful and friendly,” he stated.

Joana Veiyasawa, Bachelor of Arts student majoring in iTaukei studies and Language, Literature and Communications, said that she decided to study at UniFiji because the fees were quite reasonable and also because of the good quality teaching offered.

Second year Bachelor of Science student, Jason Kumar, commented that UniFiji was a place not only to gain vast knowledge and develop holistically, it was a place to socialize with peers and lecturers who guide you to a better and brighter future.

Enrolment is on-going at both the Suva and Saweni Campuses. Students are urged to register. Remember- “After High School, It Must Be UniFiji”.
